What is sfcode?

The **sfcode Programming Invitational** is a student-run coding competition at Saint Francis High School in Mountain View. During the contest, students will be tasked with solving programming problems using algorithmic techniques; participants will have an opportunity to practice teamwork and creative problem-solving skills.

Logistics of sfcode

Our event will host approximately 50-60 people at Saint Francis High School's campus in Mountain View on Saturday, April 22, 2017.

Here is an approximate breakdown of the event schedule:

- 8:30 – 9:15 AM: Setup & **Registration**
- 9:15 – 9:55 AM: **Opening Remarks**, including a word from all partners
- 10:00 AM – 1:00 PM: **The contest** itself
- 1:00 – 1:45 PM: Lunch, snacks, and on-site interviews
- 1:45 – 2:30 PM: **Closing Ceremony**, including a word from Platinum Partners and the Founding Partner

The competition will have two divisions, Advanced and Novice, each with an opportunity to win top 3 prizes.

Why partner with sfcode?

As a partner of **sfcode**, you will have the opportunity to...

- Interact with the next generation of coders in Silicon Valley
- Increase your brand awareness
- Distribute company swag
- Recruit the brightest coders of the future

How will the money be spent?

The money will go toward venue reimbursements (i.e. security, setup, cleanup, etc.), food (snacks, beverages, and lunch), awards and prizes, equipment, event t-shirts and other "swag," and anything else necessary to run the competition.
